

FLORIDA CYBER CHARTER ACADEMYSM

POWERED BY K12

Middle School Program of Studies

ECHOING EXCELLENCE: ONE FIN AT A TIME

MISSION: Our mission is to ensure that students reach their full potential as they engage with their peers for live class instruction supplemented by independent learning in our Online School. We can accomplish this through our dedicated and passionate community of students, families, teachers, administration, and with a governing board invested in pursuing academic excellence for all.

INCLUSIVE ELIGIBILITY

Florida Cyber Charter Academy embraces an open access mind set where all middle school students are given opportunities in rigorous courses with scaffolding support for a successful school year. In accordance with Florida State Statute, middle school progression to high school requires students to successfully complete specific courses. Students must pass three middle grades or higher courses in English Language Arts, Mathematics, Science, and Social Studies. One of the social studies courses must be a one-semester Civics education course, with the Civics EOC assessment counting for 30% of the final grade.

COUNSELOR- STUDENT CONNECTIONS

All middle school students have access to a school counselor and social worker.

REQUIRED MIDDLE SCHOOL COURSES

ASSESSMENT REQUIREMENTS

The Florida accountability system requires all 6-8th grade students to participate in face-to-face state testing in the areas of Reading, Writing, Math, Civics and Science. Any student enrolled in Florida Cyber Charter Academy is required to attend mandatory testing in person as outlined in the Parent Student Handbook.
