What is AVID?

AVID, Advancement Via Individual Determination, helps schools and teachers make learning more meaningful and engaging. Research tells us that the most powerful influence on academic achievement is a caring teacher. When students care and connect to both their learning and their teacher, they will succeed!

AVID in Middle and High School

Moving future leaders toward college success and beyond AVID’s teaching strategies and curriculum build positive teacher-student relationships to ensure student success schoolwide. AVID Elective students:

- Enroll in advanced courses (AP®)
- Receive academic instruction and tutorial support
- Strengthen their writing skills
- Improve study and organization skills
- Gain “college knowledge”
- Visit colleges and explore careers

AVID Curriculum

The AVID curriculum, based on rigorous standards, was developed by middle and senior high school teachers in collaboration with college professors. It is driven by the WICOR method, which stands for writing, inquiry, collaboration, organization and reading. AVID curriculum is used in AVID elective classes, in content-area classes in AVID schools, and even in schools where the AVID elective is not offered.

“Education is the most powerful weapon which you can use to change the world” – Nelson Mandela
